

CoaxMED

The latest multifunctional platform distributed by GLB is a revolutionary technology result of scientific research and design. It combines the action of four different technologies in a single platform to achieve a powerful synergy able to produce dramatic improvement in severe skin conditions. Physicians, physiotherapists, and specialized operators can now utilize a single workstation to reshape body contours and eradicating the signs of aging: the most powerful and effective aesthetic device available on the market.

CoaxMED

Raving Fan

René Thorpe
Owner of The Temple Skincare

"I have seen great results from the CoaxMED System. We made \$24,000 in one day! The CoaxMED System has given my clients the freedom to enjoy specific treatments that give the facelift without the knife and me the ability to pay the system within 3 months.."
